Celebrating Winter through the works of Currier & Ives With Mickey Maxell Cohen

Join avid Currier & Ives print collector Mickey Maxwell Cohen as he highlights the history of the famed 19th Century New York printing firm.

Participants will travel across the country in delightful scenes such as one-horse open sleighs and ice skating in Central Park.

Bring in your own Currier & Ives lithographs for an after-lecture "Antiques Road Show."

Mickey will present each participant with a Currier & Ives reproduction, suitable for framing!
