Dear Fellow Community Members,

The Elmont Public Library Board of Trustees is extremely proud to present its Proposed 2019-2020 Library Budget. Once again, the proposed budget has no increase in taxes.

Since the opening of the new Library in September 2006, we have been amongst the two largest and busiest in Nassau County. The Elmont Library has 27,022 registered cardholders which is the largest number in the County. No other library comes close, while the average for other libraries is just 10,766. Over 1,000 people per day use our Library, circulating over five thousand items a week. We have over 260,000 items and one of the largest and most diverse collections in the County. Elmont continues to be the leader in technology. Our technology investments have proven to be successful in increasing patron computer and database usage. We continue to be the only Nassau County Library with a fully automated circulation and control system. Our Children’s, Teen and Adult programming budget is also one of the largest. Our programs are popular and the attendance is extremely high compared to other libraries.

The Board of Trustees work hard to provide the best facility and services while keeping taxes affordable for all residents. Even though the Elmont Library is one of the largest, busiest and best in the County, the Elmont Library’s budget is the third lowest per capital cost out of 54 libraries in Nassau County – MORE FOR LESS.

We feel strongly about maintaining a facility and service that all Elmont residents can be proud of while adding value to our lives and community.

Please visit and use your library!

As your Library Board of Trustees, we are very proud to serve all of you and appreciate your support. We will continue to make every effort to offer quality products and excellent service. Please remember to vote on the Library Budget on Tuesday, May 21, 2019 at your local elementary school.
